

You are **Mary Mitchell**.

Your husband died in the war. He was fighting for the king but you can lie about this (if you dare).

You have three children and your husband was never paid his wages.

You are **Edward Moore**.

You were a brick maker before the war.

You know Mary Mitchell, one of the other petitioners. You are sure that Mary Mitchell's husband fought for the King because you saw him! (It might help your case to tell the judges!)

You have lost an arm and can no longer make bricks.

## You are **Theadora Henryson**

You are the rich widow of a Parliamentarian officer. You know Oliver Cromwell personally (you might like to include something in your petition that reminds him he knew you and your husband). You lost one son in the war. Your other two sons need an education and you will need some money to make sure they grow up as gentlemen.

You are **Henry Hobson**.

You were captured on the Great North Road on your way to Nottingham and forced into the army to fight for Parliament. Your horse and cart were taken. They promised to return these but your horse was killed and your cart was broken.

You are **Brilliana Morley**.

Your father and brothers were all killed in Parliament's army.

You would like to make a good marriage and you will need money to do this.

Your stately home was destroyed.
